2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for same.

3. To raise two hundred and fifty dollars for the library.

4. To raise one hundred dollars for the park.

5. To see if the town will vote to pay the tuition of the town scholars going to Stearns School.

6. To see if the town will vote to let the Grange have the use of the town hall the same as last year.

Given under our hands and seal this, the twentieth, day of February, in the year of our Lord nineteen hundred and twenty-seven.

Daland Memorial Library

The librarian submits the following report from February 1926 to February 1927.

The output of books for the past year has been 3471, a gain of 121 over the previous year; 119 new books have been added to the library shelves; 70 have been withdrawn, unfit for circulation or mending. Of the new books about one-third are for children, two-thirds for adults. The total number of books now on the stacks, including those of the Appleton library, is 4824. Duplicate books have been sent to Concord for the rural traveling libraries, also to Boston for the sailors' libraries. The reading table has the following magazines, many of them given by individuals: The Century, Harper's, World's Work, Ladies' Home Journal, Woman's Home Companion, Better Homes and Gardens, Good Housekeeping, Daughters of the American Revolution, The Outlook, Asia, The Dearborn Independent, St. Nicholas, and The American Boy, a very good showing for a small library. Files of past years of the magazines are sent to the hospitals.

The list of donors of books the past year includes many familiar names, and some new ones. Their names are as follows: O. C. Hubbard, J. F. Wellington, Cecil Bancroft, W. W. Fish, Raymond Sawyer, Mrs. Leslie Boutwell, Mrs. Amy Hubbard Abbott, Mrs. Bonny Dunbar, Mrs. J. A. Marble, Miss Mary Bancroft, Miss May Trevitt, Miss Sarah Wister, Van Allen Taylor, Paul Brusquini and George Fox. After reading by the members, the Wednesday Club will contribute "The Royal Road to Romance," "Wives," "The Life of Isabelle Gardner," "A Daughter of the Sumari," and "Ireland the Beautiful." At the meeting of the Mont Vernon Community Association twenty-five dollars was

voted to the library, to be spent for "worth-while books."

The library has received from Mr. Chester Averill a very interesting document, found among his father's papers. This is a copy of the town report of Mont Vernon printed on one large sheet of paper. It has been framed and a brass plate gives the name of the donor.

The librarian is trying to effect an exchange of town histories with the towns nearest Mont Vernon, and thus far has met with moderate success. Thus far Milford, Francestown, Lyndeboro and Weare have responded and the history of Amherst has been purchased.

With the hope that next year's report may show a number added, and with an earnest wish for much improvement in the library, this report is respectfully submitted by

GEORGANNA W. FLINT,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Mont Vernon:

I herewith submit my eighth annual report, which is also the eighth in the series of such reports.

Organization of Supervisory Union No. 40

This union was organized in 1919, by the State Board of Education, at the time supervision in New Hampshire became state-wide. The original four districts make up this Union, namely, Amherst, Brookline, Milford and Mont Vernon. The several School Boards of these districts together constitute a joint board for the Union. This board nominates the Superintendent of Schools, who is elected by the State Board of Education, and who serves under a written contract. The Superintendent's salary is fixed by this joint board. The State pays $2000.00 toward the Superintendent's salary, and any amount in excess of this $2000.00 is apportioned among the districts as the joint board may agree. The present arrangement is for the four districts to pay respectively, 25%, 10%, 60% and 5%.

Teachers and Instruction

No change has occurred in the arrangement of grades or assigning of pupils to grades, but we have had new teachers in both rooms at the beginning of this school year. Miss Ruth L. McLeod has charge of Grades I, II, III, and IV, and Miss Ada E. Dean has Grades V, VI, VII and VIII. These teachers are both residents of Peterborough, and both were graduated from Keene Normal school in June 1926. Continuing the policy of several years, none of the rural schools are now open. All children are provided for at the village two-room building.

Buildings and Grounds

For two or three years past, there has been consid-

erable discussion about a new school house in the village. General opinion now seems to be that with the number of pupils to be accommodated, and the fact that there is sufficient room under the present conditions, the construction of a new building had best be indefinitely postponed. Accordingly, the School Board has decided to make a number of improvements in the present plant. During the last summer, the building has been painted outside, a new heater installed in each school room, and a supply room constructed by partitioning off a portion of the cloak room on the second floor. The heating apparatus purchased is the Smith Schoolroom Heater, designed to burn either wood or coal, and provided with a positive ventilating device. This in conjunction with the stove jacket is giving excellent results in heating all parts of the room, and removing foul air.

Although the school plant is now in excellent condition, the following things might be done to still further improve it:

1. Installation of electric lights for use on the dark winter days, and occasional meetings in the evenings, and to furnish illumination for a stereopticon. Apparatus suitable for showing educational pictures on the screen in full daylight is now on the market, together with many sets of lantern slides and films illustrating educational subjects.

2. Purchase and installation of playground equipment.

3. Installation of chemical toilets.

4. Another coat of paint on the exterior of the building.
